PRODUCT DESCRIPTION

ERC DZ 400 2G Medium Capacity Floor Model Vacuum Sealing Machine The DZ 400 2G Vacuum Sealing Machine is a medium capacity floor model vacuum sealer designed for sealing contents in vacuum pouches. The DZ 400 2G Vacuum Sealing Machine sealing operation is very efficient and the unit is very easy to operate. It is equipped with dual seal bars and user adjustable electronic pressure sensors to assure steady control of vacuum and gas packaging functions. Both functions can be individually controlled. The DZ 400 2G Vacuum Sealing Machine digital control panel is programmable to memorize frequent sealing operations. Additionally, the DZ 400 2G Vacuum Sealing Machine has a wide, long, shallow vacuum chamber that will accommodate very large packages or many small packages in one sealing cycle. With two 15.7 inch by .32 inch seal bars, the DZ 400 2G Vacuum Sealing Machine will seal multiple pouches in one operation greatly increasing productivity. Plus, a letter and number kit is included which will allow date and text message identification to be embedded in the seal of each package. A great way to set freshness markings. All ERC vacuum chamber machines are heavy duty models designed for countless sealing operations. Other than periodic replacement of pump oil which is included with the unit, no other user maintenance is required. WARRANTY ERC warrants to the original purchaser for a period of time from the date of shipment, that its VACUUM SEALERS will be free from defects in material and workmanship when used under normal operating conditions. The warranty for VACUUM SEALERS is three 3 months labor and twelve 12 months limited warranty on parts excluding wearables . Improper use and user maintenance requirements are not covered by product warranty. ERC agrees to repair or
