PRODUCT DESCRIPTION

ERC DZ 810 AU Extra Large Automatic Operation Vacuum Sealing Machine The DZ 810 AU automatic Vacuum Sealing Machine is a extra large capacity floor model vacuum sealer designed for sealing contents in vacuum pouches. The DZ 810 AU Vacuum Sealing Machine sealing operation and lid action is controlled by a single button for repetitive packaging. It is equipped with two seal bars placement and length may be customized and user adjustable controls for vacuum cycle, seal bar temperature and cool down timing. Additionally, the DZ 810 AU Vacuum Sealing Machine has a wide, long, very deep vacuum chamber that will accomodate very large packages or many smaller packages in one sealing cycle. One seal bar is 22 inches long by .32 inches wide and the second seal bar is 31.8 inches long by .32 inches wide. With this combination of seal bars, the DZ 810 AU Vacuum Sealing Machine can seal many different pouch sizes in one operation greatly increasing productivity. This is the perfect vacuum sealer for large cuts of meat and whole fish. Plus, a letter and number kit is included which will allow date and text message identification to be embedded in the seal of each package. A great way to set freshness markings. All ERC vacuum chamber machines are heavy duty models designed for countless sealing operations. Other than periodic replacement of pump oil which is included with the unit, no other user maintenance is required. WARRANTY ERC warrants to the original purchaser for a period of time from the date of shipment, that its VACUUM SEALERS will be free from defects in material and workmanship when used under normal operating conditions. The warranty for VACUUM SEALERS is three 3 months labor and twelve 12 months limited warranty on parts excluding wearables . Improper use and user
