PRODUCT DESCRIPTION

The DZ 400 AU Auto Vacuum Sealing Machine is a large capacity vacuum sealer designed for high volume sealing of contents in vacuum pouches. The DZ 400 AU Vacuum Sealing Machine may be ordered as a tabletop or floor standing unit. This model is ideal for the Restaurant and Food Service industries. The DZ 400 AU Auto Vacuum Sealing Machine sealing operation is very efficient and the unit is very easy to operate. Standard configuration is one seal bar but the unit can be ordered with dual seal bars. Features include automatic one button operation including lid open close, user adjustable electronic vacuum, seal bar temperature and cool down cycle operations. All three functions can be controlled independently to accommodate different pouch sizes. Additionally, the DZ 400 AU Auto Vacuum Sealing Machine has a wide, long, deep vacuum chamber that will accommodate very large packages or several small packages in one sealing cycle. With a choice of one or two 16 inch by .32 inch seal bars, the DZ 400 AU will greatly increase productivity by sealing multiple pouches in one operation. Plus, a letter and number kit is included which will allow date and text message identification to be embedded in the seal of each package. A great way to set freshness markings or other tracking data. All ERC vacuum chamber machines are heavy duty models designed for countless sealing operations. Other than periodic replacement of pump oil which is included with the unit, no other user maintenance is required.
