PRODUCT DESCRIPTION

The DZ 400 CD AU Vacuum Sealing Machine is a large capacity floor model vacuum sealer designed for sealing contents in vacuum pouches and is equipped with an automatic lid open close feature. The DZ 400 CDAU Vacuum Sealing Machine sealing operation is very efficient and the unit is very easy to operate. It is equipped with dual seal bars and user adjustable electronic pressure sensors to assure steady control of vacuum and optional injected gas packaging functions. All vacuum pressure, seal bar temperature and evacuation functions can be individually controlled and adjusted for any pouch size. Additionally, the DZ 400 CD AU Vacuum Sealing Machine has a wide, long, deep vacuum chamber that will accommodate very large packages or several small packages in one sealing cycle. With two 15.7 inch by .32 inch seal bars, the DZ 400 Vacuum Sealing Machine will seal multiple pouches in one operation greatly increasing productivity. Plus, a letter and number kit is included which will allow date and text message identification to be embedded in the seal of each package. A great way to set freshness markings. All ERC vacuum chamber machines are heavy duty models designed for countless sealing operations. Other than periodic replacement of pump oil which is included with the unit, no other user maintenance is required.

PRODUCT SPECIFICATION

Chamber Width	16.5 in.
Chamber Depth	7.87 in.
Chamber Length	23.2 in.
Vacuum Sealing Bars	2 quantity
Voltage	240 volts
Motor Strength	1.5 hp
Vacuum Seal Bar Length	15.7 in.

DIMENSIONS

Weight:	200.00 lbs.
Width:	19.29 inches
Length:	28.50 inches
Height:	37.79 inches
